

My trip to France

The things I liked the most were: our bus trip, and the hotel we slept in (in Paris).

Me and Malou we was the craziest, but sometimes we were the most quiet.

And the school in Liernais was cool! They have many rules, but it was okay. 😊

I have many memories, (good memories.)

And the people were very kind.

My trip to France was a good journey, and I'll never forget it.!

If I could... I would have said it was an amazing trip, but no.

Because I got asthma. But I'm over it now.

And I miss France now.
